## M. Delcasse Announces Resignation.

Succumbs to Adverse Criticism in Internal Controversies.

That Moroccan Situation and Far East Complications are Critical Is No Longer Denied.

PARIS, April 21.—After a notable series of nearly eight years in the division of Foreign Affairs, Theophile Delcasse today informed President of the Council of his desire and intention to resign. This announcement came as a surprise and shock to M. Delcasse's colleagues of the Cabinet, who immediately took steps to endeavor to secure a reconsideration of his determination.

**Cabinet Council Is Held.**  
A Cabinet council was held this afternoon at which M. Rouvier, in the absence of M. Delcasse, laid the situation before the Ministers. It was the unanimous determination of the council that the interests of the country at this time required that M. Delcasse retain the portfolio of Foreign Affairs.

Accordingly, at the conclusion of the council M. Rouvier proceeded to the Quai d'Orsay, where he held an extended conference with the Minister of Foreign Affairs. The President of the Council, upon the wishes of President Loubet and the Ministers, earnestly besought M. Delcasse to retain his place in the Cabinet.

**Makes Strong Appeal.**  
It was evident that M. Rouvier's earnest appeal caused M. Delcasse to waver in his determination. When the President of the Council came from the interview he stated to his colleagues that he bore a favorable impression of its results. M. Delcasse, he said, had given no final answer, but had promised to return to the question until tomorrow, when a final answer will be given. It is believed that M. Delcasse will yield to the insistence of President Loubet and the President of the Council.

**Due to Internal Controversies.**  
The motives leading up to M. Delcasse's sudden determination to retire from the cabinet are primarily attributed to internal controversies over the Moroccan question, and this to some extent has been complicated by similar controversies over French neutrality in the far East. The opposition has been quick to seize upon the question, and headed by Socialists and Nationalists, have directed their criticisms against M. Delcasse.

The Socialist criticisms have been particularly vehement during recent days on the Moroccan question, and this appears to have finally decided M. Delcasse to resign. It is felt that his retirement now would have been hailed in Germany as a German triumph, and this is one of the main considerations leading M. Rouvier to earnestly appeal to M. Delcasse to remain in the Foreign office.

**Impressed the Deputies.**  
The news of M. Delcasse's intentions made a profound impression in the Chamber of Deputies, where it was first received with incredulity. Later, however, when M. Delcasse (Republican) questioned the Government upon the neutrality question and M. Rouvier replied instead of M. Delcasse, it was realized that the report had solid foundation.

**One of Many Incidents.**  
The announcement concerning M. Delcasse's intention to resign was but one of many incidents in a day of much anxiety throughout the Government quarters. Following close upon the heels of the communications with Germany over Morocco, the Franco-German incident suddenly assumed serious proportions, and unusual energy was shown in preventing its escalation in complications in the far East.

**Understanding on Neutrality.**  
In order to secure definite co-operation between three departments of the Government, namely, naval, colonial and foreign, a conference was held this afternoon between leading representatives of each department. This brought about a clear understanding regarding the measures necessary for the maintenance of neutrality of Indo-Chinese waters, and orders were sent to Gov.-Gen. Beau to specify the exact limits of the zone of the Pacific Ocean, and whether it was or was not withdrawn from French waters.

**Disarmament of Diana.**  
Probably the most significant development from the energetic measures taken by the Government was the disarmament of Diana.

**"FOUND"**  
Add Notice in Prominent Southern Paper of Interest to Salt Lake Residents.

One of the best-known newspapers in the South is the "Guide" of Dunn, N. C. Its publisher, J. P. Pitman, sends the following clipping, with request to publish:

"Found—by the editor of the Guide, bottle of Hyomel, the wonderful treatment that cures catarrh without stomach dosing. We can speak in highest praise of its remarkable power to cure and relieve catarrh of the head and throat. This mention is made not as an advertisement, but in the interest of those who suffer the torture of this terrible disease, catarrh."

In sending the clipping, Mr. Pitman wrote the following letter:

"I enclose a little piece from my paper, issued today. You will see from this that I desire to push the selling of Hyomel as far as possible. I am using it in my own family, and find that it gives the desired relief, so that I take pleasure in spreading far and near the knowledge of this sure relief for catarrh."

F. C. Schramm, in preparation for the starfish troubles of this season of the year, has ordered a large stock of Hyomel and sells it under guarantee to return the money if it does not relieve the complete catarrh costs but \$1, and extra bottles can be obtained for 50 cents. Advise him to show you the strong guarantee under which he sells it. This remarkable remedy medicates the air you breathe, soothing and healing the mucous membrane of the air passages, and making a complete cure of the worst case of catarrh.

adopted was the receipt of a dispatch from Saigon, saying that imperative orders had been given for the disarmament of the Russian cruiser Diana, which sought refuge in the harbor of Saigon eight months ago for purposes of repairs. The main portion of the Diana's machinery must now be handed over to the French naval authorities at Saigon.

**Neutrality Debate Postponed.**  
The anticipated debate in the Chamber of Deputies on the question of neutrality was postponed, owing to the Delcasse announcement. The only reference to the subject was the inquiry by Deputy Delcasse and the brief reply from Premier Rouvier, who said:

"I cannot, precisely and repeatedly orders have been given our agents in Indo-China to assure the absolute neutrality of France in Indo-Chinese waters."

**No Representations Submitted.**  
It was stated at the Foreign office late this afternoon that no representations of any kind had been presented by Great Britain concerning neutrality. At the same time it is anticipated that some such representations will be made.

The fact that the British Ambassador, Sir Francis Bertie, has given up his Easter holiday and will return to Paris tonight after a conference with Foreign Secretary Lansdowne, appears to support this view. However, the cordial relations existing between France and Great Britain would doubtless modify any representations so as to relieve them from serious significance. Anything like an emergency protest from Great Britain at this time would deeply wound France, who relies on the Anglo-French entente as a counterweight to Germany's menace over Morocco.

**MOROCCO THE TROUBLE.**  
Diplomats Believe Dispute With Germany the Real Cause.

WASHINGTON, April 21.—Diplomats in close touch with European chancelleries hold the opinion that Morocco, more than the menace to French neutrality in the far East, is responsible for the threatened retirement of M. Delcasse, the French Minister of Foreign Affairs.

**No Injury Intended.**  
It is learned that France has informed Germany that nothing could have been further from her intentions than to injure German interests in Morocco, and even has gone so far as to say that the French position there is only a facade, a protection to the commerce of other nations, but insures rather than threatens the integrity of Morocco and thereby the maintenance of the status quo which was the special cause of concern to the Berlin Government.

**Germany Appears Satisfied.**  
So satisfied Germany is with the attitude of France, and so different is that attitude from what Germany believed, that it is held here that Berlin and Paris are approaching complete accord on the subject. European advisers indicate that Germany's suspicions were aroused by the apparent unwillingness in the past of the French Government to discuss Morocco, even when the subject was directly brought up. It is thought here that this change in conditions may account for the fact that M. Delcasse has gone so far as to contemplate retirement.

The diplomatic corps here M. Delcasse long has been regarded as one of the few world diplomats of today.

**REVENUES INCREASE.**  
Government Report for March Makes Good Showing.

WASHINGTON, April 21.—The monthly statement of the collections of internal revenues shows that for the month of March, 1905, the total receipts were \$19,247,292, an increase of \$1,200,000 as compared with March, 1904, of \$18,047,292.

The receipts from the several sources of revenue are given as follows: Spirits, \$11,051,106, decrease \$12,532; tobacco \$4,727,276, increase \$473,764; fermented liquors \$1,900,829, increase \$29,322; oleomargarine \$28,292, increase \$1,260; process of refined butter \$10,239, decrease \$182; miscellaneous \$79,418, decrease \$2,872.

For the nine months of the present fiscal year the receipts show a decrease of \$119,657.

**SOLDIER CREATES HAVOC.**  
Kills One and Wounds Six in Streets of Warsaw.

WARSAW, April 21.—11:20 p. m.—A drunken soldier at 8 o'clock tonight fired his revolver in the crowded streets of this city, killing one and wounding six persons, one of them probably fatally.
